

RadBiz

Step-By-Step

Blueprint

One System. Endless Results.

by Mike Howell

Building a business online is like many things in life . . . you first just need to get started.

Think about putting a puzzle together. You put the pieces on a flat surface. Then you find the corners and the outside edges so you can frame your puzzle. Then you fit the pieces together.

As you work on fitting together the pieces of your puzzle, you notice that what started as 1,000 separate pieces now starts to make sense. When you complete your puzzle, it looks

remarkably similar to the picture on your puzzle box.

The report you are reading explains a puzzle that, when completed, looks like a new **passive monthly residual** stream of **income** for **you**.

Follow along and you will soon understand how you can make money using this blueprint.

My ***RadBiz Step-By-Step Blueprint*** is a report that explains **one** way to make money online using the **free** affiliate program of a monthly continuity product by people seeking a **simple** solution to use the internet as a vehicle for creating additional **monthly income** that can be generated beginning today.

You have my full permission to share this report in any manner that might **help other people**, such as:

►Social Media ►Email ►Website ►Membership Sites

So, please, give this report away ... FREELY!

The only restriction is that you may NOT modify this without written permission from Mike Howell.

It is my sincere desire that you will consider the time you invest with this document as time well-spent.

Like everything in life, your skills, your work ethic, your market, and a variety of other factors will affect the results you achieve.

This report is based on my opinions and my observations. I'm not offering any legal or other professional advice. If you need such advice, please find an appropriate licensed professional. It is your responsibility to comply with the laws where you live and where you conduct your business.

My mission is to help you learn how to **share this report** as a money making hobby.

Most people want a simple, consistent, ongoing method of making money online that starts working today **without** spending all of their free time and money.

The **focus of this report** is to help you learn how to make \$500 to \$1,000 consistently each month as

an affiliate marketer.

Once you learn how to do that, you might choose to scale your efforts to earn **MORE** than \$500 to \$1,000 each month.

Or maybe not. It's your choice.

As an internet marketer, you are **bombarded** daily with product offers about how to do this or that, ChatGPT prompts, new PLR bundles you gotta have, or done-for-you systems to make money online. And the list goes on.

It's really confusing (and can become expensive) trying to figure out which of these offers are the ones **YOU** need so you can finally start making money online.

And if you choose to promote any of these offers as an affiliate, the people to whom you are promoting these offers are just as confused as you are.

Now consider this ... ALL of the people who **send** these offers as well as ALL of the people who **receive** these offers have one thing in common ... they **ALL need TOOLS**.

Tools such as autoresponders, web hosting,

shopping carts, and more.

ALL internet marketers need **TOOLS**.

Many of these tools require monthly **recurring payments** from the people who subscribe.

And most of them offer monthly **recurring commissions** to the affiliates who bring new subscribers.

What if **YOU** focused **YOUR** efforts on encouraging internet marketers to use some of these tools?

For example, what if you became an affiliate for one of the autoresponder companies.

And, what if you made a serious effort to share your affiliate link far and wide to promote that autoresponder.

What if 10 internet marketers subscribed through **your** affiliate link to use that autoresponder.

And what if 10 **MORE** subscribed through your affiliate link NEXT month.

How much in affiliate commissions would you earn this month?

And next month?

And the following months?

And what if you became an affiliate for a second company that provides tools for internet marketers.

And a third company.

And a fourth.

You get the picture.

One of my very favorite platforms is **LeadsLeap**, a comprehensive suite of marketing tools.

I am a PRO member of LeadsLeap. I love their tools and I use them every day.

However, this report is **not** about the tools.

This report is focused on **earning commissions** as a LeadsLeap affiliate.

They have a great affiliate program that serves as the foundation of our blueprint.

If you have not yet subscribed to LeadsLeap, go to **Get Your FREE Membership** ([Click Here](#)).

It's a free lifetime membership. You can upgrade your account later to **LeadsLeap Pro** if you see a reason to.

As soon as you open your free subscription, you are automatically registered as an affiliate.

Scroll to the bottom of the left-hand column and click [**Affiliate Links & Tools**](#).

Under **My Affiliate Links**, you will see your unique affiliate links.

When you tell others about LeadsLeap, it is important that they click one of YOUR links when they open their free subscriptions.

Why? Because some of the people who open free subscriptions will choose to upgrade to paid (Pro) accounts.

When they upgrade to Pro, **you** will earn a commission for every month **they** remain a Pro subscriber.

LeadsLeap offers a variety of tools. My favorite is their autoresponder (**SendSteed**).

Most internet marketers use autoresponders. And

most businesses, churches, organizations, schools, and **all types** of groups need autoresponders.

Think about your own email account. I'll bet the vast majority of emails you receive every day are sent by autoresponders.

The market for autoresponders like **SendSteed** (and Aweber, MailChimp, GetResponse, and many others) is HUGE!

Every time one of the **5+ Billion** internet users clicks on your LeadsLeap affiliate link and obtains their free LeadsLeap subscription, you will be credited for referring that new member.

You need to start telling people about LeadsLeap.

A great way to tell people about LeadsLeap is to distribute the ***RadBiz Step-By-Step Blueprint*** rebranded with **your** affiliate link (see below).

Think about this . . . everyone who receives your rebranded copy of this report will be cookied with **your** affiliate code when they click to open their free LeadsLeap subscription.

And, **they** can receive **their own** rebranded copy of this report by clicking the link below (just like

you did).

People helping people.

Beyond that, you want the people cookied with your affiliate code to actually use LeadsLeap and perhaps become PRO (paid) subscribers 😎

And, it gets **even better**.

IMO, the **biggest challenge** we all have as internet marketers is getting people to look at our **offers** and to click our **links**.

Problem solved. I will share with you (for free) dozens of ways you can **distribute** your rebranded report.

You see it every day - posts in internet marketing forums from people who don't "get it" or someone who finally made their first sale after months of trying with no luck. They have no idea how to repeat that single sale, so eventually they'll quit - like a lot of affiliates who can't figure out what the successful affiliates already know.

Don't be one of those people.

You and I both have been attracted to complicated

methodologies during our lifetimes.

Not sure how that has worked out for you.

For me, **simple** has always produced more results.

There are a million ideas you can tack onto a simple affiliate marketing strategy. But to succeed and generate profits for **your** online empire, you simply need to **distribute** your rebranded copy of this report.

It's very important that you remember this: **Quit trying to reinvent the wheel!**

There's **no need** to come up with some mind-blowing concept that no one else has done.

Simply learn the right way to implement a system that has been used by successful affiliate marketers.

As you are about to discover, the **RadBiz Step-By-Step Blueprint** works day in and day out on autopilot.

So, take my advice. Quickly implement this blueprint and start enjoying your success.

Immediately after you download the rebranded

report containing **your affiliate link**, you need to distribute that report far and wide (kinda like fishing).

If you are serious about creating a monthly recurring income, click the links **below**.

And then **focus** on distributing your report.

I wish you well.

Mike

P.S. Stop floundering around. Just focus on **distributing** your free report. Like every other product you might promote, people will either take action or they won't. Don't make this complicated. Simply distribute your free report until you have generated a recurring monthly income that makes you happy.
